To Whom It May Concern:

Tweedle Productions Inc. and its colleagues are strong supporters and backers of the STOP Bullying Today Program Founded and Directed by Sherrie Marshall. We feel that youth have a hard time deciphering the difference between good and bad choices and always keep in mind that being “cool” for their future and how to get there, along with goal setting, positive self-image and how to realistically achieve their dreams. Youth today need encouragement and someone to tell them they can do it and that someone cares and STOP Bullying Today accomplishes this through its empowering programs and services.

TPI is a full-service broadcast television video production house and plans to do any video and television production that STOP Bullying Today requires at cost, as well as rent any necessary equipment for presentations at a very reasonable rate.

We are all very excited about what STOP Bullying Today is doing and how it will change the lives of many youth. We look forward to being a part of this powerful, enriching program!

Sincerely,

Mindy Tweedle Laforet
